Oct. 1, Dalton Range, SW MO - 417/742-4361

Oct. 8, Lake City Range, KC - 816/249-3194

Oct. 8, Ted Shanks CA, NE MO - 660/785-2420

This is a "free" workshop that will help migratory and upland bird hunters improve their hunting skills with nontoxic shot. Topics include: how to select the best ammunition and choke combination for hunting, how to improve your shooting skills, general information on the latest non-toxic shotgun ammunition, how to improve your range & distance estimation skills, and how to properly pattern your shotgun.

Participants should bring their hunting shotgun & choke tubes if applicable, nontoxic shotgun ammunition they wish to pattern, eye/ear protection, a stool or chair, a sack lunch and drink. Clay targets, 12 & 20 gauge non-toxic practice ammunition will be provided.

For more information, additional dates, info on hosting a workshop at your hunter/shooting club visit www.mdc.mo.gov and type in the search box Effective Wingshooting or contact Jeff Cockerham at 573-882-8388 ext 230
