

**Conservation Federation of Missouri  
2014 Resolutions**

**Committee:** Quail and Quail Habitat

**# 12**

**Author:** Don Snyder and Tom Lampe

**Health Study of Bobwhite Quail from Areas with Low Population Density**

**WHEREAS**, for the most part Bobwhite Quail have not responded to current habitat management based programs to increase quail population; and

**WHEREAS**, Bobwhite Quail are known to be susceptible to diseases and parasites; and

**WHEREAS**, diseases could adversely affect quail populations: now, therefore, be it

**RESOLVED** that the Conservation Federation of Missouri assembled at the Capitol Plaza Hotel, Jefferson City MO, this 23<sup>rd</sup> day of March, 2014 recommend that the Missouri Department of Conservation implement a controlled study to determine the effect of disease and parasites of quail in Missouri.
